Network on Osteopathology Diagnosis and Education: N.O.D.E.

N.O.D.E.
NETWORK ON OSTEO-PATHOLOGY DIAGNOSIS AND EDUCATION

We are pleased to announce a **new international initiative** focusing on **bone pathology**, launched by **Prof. Dionysios J. Papachristou** MD, PhD (Consultant Histopathologist, Univ. of Patras, coordinator of the Sarcoma Group of the Greek Society of Pathology, GS Hellenic Group of Sarcomas and Rare Cancers) and **Dr. Sílvia Bagué** MD, PhD (Associate Professor, Consultant Pathologist, Hospital de la Santa Creu i Sant Pau, Universitat Autònoma de Barcelona / Spanish Sarcoma Group/GEIS)

Project Name: N.O.D.E. — *N*etwork on *O*steopathology *D*iagnosis and *E*ducation

Project Overview

- virtual educational series via **Zoom.**

- designed to enhance **diagnostic accuracy, knowledge exchange,** and **continuing medical education** in the area of bone pathology

Primary goals:

- to promote diagnostic excellence in Europe and globally

- to foster collaboration between pathologists world widely

- to support early-career, young pathologists and medical doctors from other specialties (medical oncologists, surgeons, radiologists, radiotherapists, molecular biologists) from Europe and globally, who are willing to be exposed to bone pathology

- to stress the evolving and significant role of digital pathology and AI in both the diagnosis and education in the field of bone pathology

Each session will include:

- Lectures by expert well-recognised pathologists in the field

- Interactive case-based slide reviews / virtual slide seminars

- Multidisciplinary commentary with a pathology-centered perspective

- A short "trainee spotlight" presentation by a young colleague

The sessions will be conducted **in English**, held **bimonthly** starting from October 2025, **free of charge**
